

YEAR 4&5 PLANNING MONDAY 20TH APRIL 2020

Dear Year 4&5,

Welcome back to the Summer Term! This is an unusual start in some unusual times but together we will get through! I hope you have all been able to log in to the NEW Google Classroom. If you don't have the details, please send me a private message on the old Google Classroom and I will be in touch! The sooner we all get together on Google Meet, the faster we will learn how to use the technology and the quicker we can start 'normal' lessons!

Today (Monday) is a day for us all to get used to the new "live call" Google Meet platform. It is better to do this in small groups. We will increase the group size for classes throughout the week. When you are not in a "live call" with myself or with the Spanish teacher, you can see what activities you need to be doing in the CLASSROOM area of Google Classroom.

Please try to recreate the school day. If you are given an "assignment", I would really encourage you to do this between 9am and 4pm when you are not in "live" sessions. This means you have the evening to be free with your family and helps to keep a routine at home. It also helps to keep you ready for the return to school (whenever that might be!!)

If you are finding something very tricky or taking a long time, just do what you can but do not sit for hours on a task. I can offer some help online if you need it but the most important thing is that you have a go and try your best.

You can email me directly on year45@calpeschoolonline.com or through the private message function on each assignment. I will try to answer your questions as quickly as I can.

Here is the list of what I would like you to do today – there should not be anything here that you find too tricky but if you do need some support then let me know.

LIVE INTRODUCTION TO GOOGLE MEET

We will meet in small groups to say hello, practise using the webcam and microphone, and make a checklist of what resources you have available at home. Your appointment times have been sent to your new email @calpeschoolonline.com They will appear in your Google Calendar and you can click on the Google Meet link at the correct time and you should see me and your group friends on the webcam!

INDEPENDENT LITERACY: STORY WRITING

Aim: To write a short "silly" story using collected objects

When you are not in a "live call" with me or the Spanish teacher, please try to carry out this activity. Full instructions are in Google Classroom.

INDEPENDENT MATHS: CREATE A SPINNER

AIM: To follow instructions to make a number spinner

When you are not in a "live call" with me or the Spanish teacher, please try to make a number spinner. We will use this in future Maths lessons. Full instructions are in Google Classroom.

ENGLISH READING BOOKS ON BUG CLUB – Active Learn

If you want to take some “time out” then perhaps you could read a book! On Active Learn, you now all have been allocated a Book Band with books that should be at your level. By clicking the little bug icon on each page, you will be asked questions to see if you understand the story. Make sure to answer the comprehension questions in order to see if the books are right for you.

They got out of the boat. Lots of eyes watched them.

“It’s so noisy here!” Lin shouted. “It’s like all the birds and animals are shouting at each other!” agreed Ed.
